DETAILED ACTION

Election/Restrictions

1. Applicant's election without traverse of claims 1-27 and 61-64 in the reply filed on 15 April 2005 is acknowledged.

Specification

2. The lengthy specification has not been checked to the extent necessary to determine the presence of all possible minor errors. Applicant's cooperation is requested in correcting any errors of which applicant may become aware in the specification.

Allowable Subject Matter

3. Claims 1-27 and 61-64 are allowed.

The following is an examiner's statement of reasons for allowance: Regarding independent claim 1, the prior art of record neither shows nor suggest a display device comprised of a substratum and all-metal electronics formed on a surface of the substratum and operable to control operation of a plurality of basic visible elements associated with the substratum.

Regarding independent claim 61, the prior art of record neither shows nor suggest a computer system comprised of, in part, all-metal electronics on a surface of the display device.

Due to their dependency, claims 2-27 and 62-64 are necessarily allowable.

Art Unit: 2879

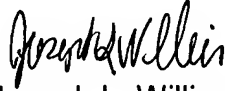

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
